- **NOVA School of Science and Technology**

MSc in Computer Science and Engineering

Portugal

2012 – 2019

EXPERIENCE

- **MaisEficaz**

Software Developer

Lisbon, Portugal

Nov' 2019 - Present

- **Description:** Developing software within a team working with other teams, both national and international, and a large existing codebase and databases, analysing unfamiliar code of a reasonable complexity to understand and extend the functionality of existing modules, as well as developing new ones, to satisfy the ongoing requirements.
- **Skills:** Working with languages and tools such as Java, JSP, Javascript, Angular, Python, Oracle WebLogic, Oracle SQL, PL/SQL, Git, TFS, DevOps, Maven, SOAP/REST APIs, Swagger, Postman, Adobe LiveCycle, MuleSoft Anypoint, Jenkins.

- **Celfocus**

Internship

Lisbon, Portugal

Jan' 2019 - Sep' 2019

- **Description:** Developed my MSc thesis at Celfocus (Novabase/Vodafone Portugal joint venture) in the Telecom Revenue Management department.
- **Skills:** Worked with Big Data and Analytics tools such as Apache Kafka, Flink and Cassandra. Also developed skills in Java, Python, PL/SQL, Git, Maven and clean code practices.

- **NOVA School of Science and Technology, Lisbon**

Internship

Almada, Portugal

Nov' 2016 - Mar' 2017

- **Description:** Worked in the eLearning lab, explored open source projects and platforms, researched state of the art solutions and developed a mobile VR demo for Android showcasing a 3D model of the campus library.
- **Skills:** Worked with the Unity engine, SketchUp, and developed research and documentation skills and methodologies.

EXTRA

- **Languages:** Portuguese (native); English (fluent); Spanish (limited working proficiency)
- **Hobbies:** Mountain biking, Motorcycles, martial arts, photography, videography, reading, personal development
